PRODUCT DESCRIPTION

ABR®-50 Rust Remover is formulated to remove rust from metal surfaces and stains caused by iron deposits impregnated into masonry. **ABR®-50 Rust Remover** is recommended to clean rust runoff stains on masonry from adjacent metal surfaces and stained concrete walkways resulting from sprinkler systems containing water with heavy iron deposits.

ABR®-50 Rust Remover contains the proper chemical ions to transform rust into a composite of soda ash generally leaving a white haze film that may be easily washed and removed with water pressure.

Precautions: read the entire material safety data sheet and product label for a more thorough evaluation of hazards. Fully protect all adjacent surfaces including plants and shrubbery. Beware of wind drift onto auto and pedestrian traffic when rinsing or applying **ABR®-50 Rust Remover**. Contact local, state or federal agencies to ensure compliance of proper disposal methods regarding respective regulations.

Caution: Avoid breathing mist or swallowing liquid. Protect eyes with full face shield, including full eye coverage. Prevent skin contact with liquid or mist through the use of impervious clothing, gloves and footwear. Call Physician at once for contact or suspicion of contact. Do not attempt to neutralize with chemical agents.

TECHNICAL DATA

Color/Form: clear liquid.
Coverage: 100-200 sq. ft. per gallon depending on the porosity of the surface being treated.
Packaging: one, five and fifty-five gallon containers.

INSTALLATION

Preparatory Work: A test area should be performed prior to beginning overall project to determine precise procedure necessary for the most effective removal of rust or stain. User shall determine the suitability of the product for intended its use and assumes all risk and liability whatsoever in connection therewith.

APPLICATION

1. Mechanically scrape away any scaling or other external residue from surface to be treated
2. **ABR®-50 Rust Remover** may be diluted up to 1 part **ABR®-50 Rust Remover** to 10 parts water.
Caution: using **ABR®-50 Rust Remover** too strong will etch concrete.
3. Mix well before using.
4. Apply **ABR®-50 Rust Remover** with an acid resistant brush or a low pressure hand pump sprayer.
5. Completely saturate the surface to be treated. Avoid puddling. Brush any puddles into surface.

Removing rust from metal: Allow **ABR®-50 Rust Remover** to stand for 35 minutes or longer as determined by test procedures. Use pressure washer to rinse with water to remove **ABR®-50 Rust Remover**.

Removing rust from stone: Allow **ABR®-50 Rust Remover** to dry completely on surface (at least 24 hours). No rinse will be required. However, if stain is still evident, use pressure washer to rinse with water before applying second coat of

ABR®-50 Rust Remover.

Note: In treating a deep stain, repeat process as often as necessary, determined by test procedure. Be sure to allow each application to dry completely and then pressure rinse before applying second coat.

6. To protect newly restored surfaces from further rust damage, follow-up the **ABR®-50 Rust Remover** process with appropriate **Hydro Seal™** waterproofer from **ABRP, Inc.**

AVAILABILITY

Available through distributors and dealers across the United States and Canada. **NOTICE:** the information and recommendations made herein are based on **ABRP, Inc.**, research and the research of others, and are believed to be accurate. However, no guarantee of their accuracy is made because **ABRP, Inc.**, cannot anticipate every possible application of **ABRP, Inc.**, products, nor anticipate every variation encountered in project surfaces, job conditions, and methods used. For this reason, purchasers shall make their own tests to determine the suitability of such products for a particular purpose. Purchasers assume all risk of use, application and handling of products. Statements concerning the possible use of **ABRP, Inc.**, products are not intended as recommendation to use **ABRP, Inc.**, products in the infringement of any patent.

LIMITED WARRANTY

This warranty is valid for one year from the date of product purchase. Purchaser's claims recovery is limited solely to the following warranty from **ABRP, Inc.**, if the product herein is shown to be defective: **ABRP, Inc.**, at its option, will either replace the product or refund the purchase price. Contact **ABRP, Inc.**, to make claim under this warranty. The purchaser must have proof of purchase from the label and the original sales receipt. Proper surface preparation is essential to the product's performance and is a necessary prerequisite for triggering **ABRP, Inc.**'s obligation under this warranty. Read and follow label directions and observe all safety precautions in the use of this product. **ABRP, Inc.**, further disclaims, and shall not be liable for, incidental, consequential or indirect damage and/or personal injuries including death arising from the use of this product or the cost of labor involved in its application or any re-application of product that is
